ABOUT US

Shreyas Enterprise provide custom build computers and servers that are energy efficient, reliable, and easy upgradeable – all contributing to a lower cost of ownership.

We also provide both brand name new and used computers. We provide on-site and in-store (depot) services at very reasonable rates and fast response time. Plus, we use state-of-art technology to remote into our client's computer network to solve many issues at significant cost savings and at even faster response times.

Provide On-Site, in-store (depot), and Remote Service Support:

Shreyas Enterprise provide award-winning support for our customers. Our computer support services are designed to save money and reduce downtime. We provide on-site and in-store (depot) services at very reasonable rates and fast response time. Plus, we use state-of-art technology -

to remote into our client's computer network to solve many issues at significant cost savings and at even faster response times. Our highly trained staff provides professional, high-quality service at affordable rates in the comfort and convenience of your location.

Sell Desktop Personal Computers, Laptops, Servers, Accessory and Peripherals:

We can provide both refurbished and new computer equipment. Quality refurbished equipment can provide ultra-high value and reliability at prices lower than new equipment. We also custom build computers and servers that are energy efficient, reliable, and easy upgradeable – all contributing to a lower cost of ownership.

Buy/Sell Quality Used Equipment:

We purchase quality used and refurbished equipment directly from computer equipment manufacturers, distributors, businesses, and individuals. We upgrade, refurbish and warranty all of this pre-owned equipment. Our customers recognize that our refurbished equipment provides ultra high

value for applications that do not require the latest, state-of-art, computer equipment.
